PITUITARY. Zonal "basophilic pituitogram" of the anterior - gland of the normal male rat, J. Ferrer y Col. 141
PLEURAL PRESSURE. Intraesophageal pressure and the local differences in - -, J. L. Duomarco y Col. 133
PREGNANCY. Changes in blood sugar and serum inorganic phosphorus after dextrose or insulin administration in -, F. de Venanzi y Col. 185
PRESSURE-Volume relationship in the pulmonary vascular bed, A. Lanari y Col. 116
PULMONARY VASCULAR BED. Pressure - volume relationship in the - - -, A. Lanari y Col. 116
RESPIRATORY METABOLISM. The influence of temperature upon the - - of certain tropical aquatic insects, G. A. Edwards y Col. 121
SEMINAL VESICLES. The action of bradykinin, histamine and adenyl compounds upon the - - of normal and castrated rats, J. R. Valle y Col. 61
SERUM. The antidiuretic potency of pregnant women -, H. Croxatto y Col. 166
SEXUAL FUNCTION. Hormonal regulation of the - - of the male toad, B. A. Houssay .. 2
SYNAPSE. Effects of bis - (8'-quinolyloxy) 1,5 - pentane di-iodoethylate (3381 RP) on neuromuscular -, F. Huidobro y Col. 171
TEMPERATURE. The influence of - upon the respiratory metabolism of certain tropical aquatic insects, G. A. Edwards y Col. 121
THIOSORBITOL. Action of - on vasopressin, - H. Croxatto y Col. 68
THYROGLOBULIN. Physiological hydrolysis of - in the thyroid gland, E. de Robertis 77
TOAD. Hormonal regulation of the sexual function of the male -, B. A. Houssay 2
VASOPRESSIN. Action of thiosorbitol on -, H. Croxatto y Col. 68
VERATRINIC DECURARIZATION. Mechanism of - -, F. Huidobro y Col. 93
